MAYES PROPOSED AMENDMENT 1

2010 SEP 21 P 1:41

ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

TIME/DATE PREPARED: September 21, 2010

COMPANY: Arizona Public Service Company

AGENDA ITEM NO. 18

DOCKET NO. E-01345A-10-0113

OPEN MEETING DATE: 9-21-10

MAYES PROPOSED AMENDMENT 1

Page 5, line 26, INSERT New Finding of Fact: "While we will approve this solar supply agreement today, we are concerned about allowing a single project to consume such a large portion of APS' non-residential renewable DE requirements under the REST. We do not wish to see other worthy commercial renewable energy projects crowded out by a single large distributed energy system. We will therefore require APS to notify the Commission if at any point during the lifetime of the Freeport-McMoRan Bagdad Inc. project that any other non-residential renewable DE system will be rejected by APS because APS is already in compliance with its non-residential renewable DE requirements as a result of having signed the Solar Agreement with Freeport-McMoRan Bagdad Inc., and request from the Commission additional funding for the commercial systems that would otherwise be precluded."

Page 7, line 5, INSERT New Ordering Paragraph: "IT IS FURTHER ORDERED THAT Arizona Public Service shall notify the Commission if at any point during the lifetime of the Freeport-McMoRan Bagdad Inc. project that any other commercial project is going to be rejected by Arizona Public Service because Arizona Public Service is already in compliance with its non-residential DE requirements as a result of having signed the Solar Agreement with Freeport-McMoRan Bagdad Inc., and request from the Commission additional REST funding for the commercial systems that would otherwise be precluded."

Make all conforming changes.
